The Corporate
Relocation Services
at The Jones Group,
one of the Pioneer
Valley's oldest and
most respected
names in real estate,
specializes in
meeting the
housing needs
of employees
relocating to
our area.

This free service includes:

- Contacting the transferee after receiving their name and address from your human resources manager.
- Answering questions and addressing any concerns they may have about the local housing market or the area in general.
- Arranging to have a REALTOR® in their area give them a market analysis of their present home.
- Providing a list of local home offerings that match their criteria, along with maps, catalogs, and local town information.
- Inviting them to take “The Jones Group Tour” on their next visit, giving them an up close and personal introduction to the area, including historical sites, schools, shopping, recreational facilities, cultural venues, religious institutions and neighborhoods. We also promote the outstanding quality of life and advantages of living in the Pioneer Valley.
- Helping them to arrange financing once they select their new home.
- Coordinating actions and attending to details of their home purchase that can be handled while the transferee is out of the area.
- Arranging closing details for the date of purchase.

At The Jones Group Corporate Relocation Services, we're dedicated to making your new employees' transition to the area as smooth and as stress-free as possible, so they can quickly feel at home in their new community, and become a happy and productive member of your team.
